I'm a Fullstack Developer with over 5 years of experience in software development. I am highly motivated to continue learning and improving my craftto deliver delivering results and quality.

SKILLS & PROFICIENCIES

- **Javascript and Typescript**
- **React.js and Redux**
- **Jest**
- **Node.js and Express.js**
- **PostgreSQL, MongoDB and Sequelize**
- **REST APIs**
- **Git, CI/CD and Docker**

SIDE JOBS

Core Code
Fullstack Developer Teacher
2021 to present
Manage different development bootcamps where I manage other teachers and myself teach React development with the best practices. Also I'm the main developer from internal projects on the academy.

Codex Academy - Nashville, Tennessee
Dev Mentor / fullstack Developer
2021 *to present*
Mentor students who want to become fullstack Developers by teaching them the most important technologies and best practices.

Hondutronics
CTO
2018 to 2021
Together with three associates we founded Hondutronics as a startup. I was responsible of developing the home website and also developed the main projects we wanted to offer. We wanted to provide our clients a solution to save in electrical costs by gathering data from a smart home and creating better saving plans.

WORK HISTORY (LAST 3)

Sweatworks
Fullstack Developer
December *2021 to present*
At Sweatworks my role was as fullstack developer leading the frontend part for the HYGEAR project. I created a CMS for HYGEAR using React and Redux for user management, roles management, and data management for the core app of HYGEAR.

PayPal (Stefanini)
Fullstack Developer
May *2021 to October 2021*
Worked on the projects used for adding funds from cardsor banks. Developed solutions to manage changes on different environments and developed new features for PayPal Business.

Acklen Avenue - Nashville, Tennessee
FullStack Developer
2018 to 2021
Developed numerous web app projects using React and Node for different clients and also developed internal projects.

EDUCATIONAL BACKGROUND

Computer Systems Engineering
UNITEC (Universidad Tecnológica Centroamericana)
Estimated graduation time: 1st quarter of 2023

React and Redux Certificate
Dante Dubon (Acklen Avenue Senior Developer)
Certificate taught by Ing. Dante Dubon where I learned real world examples of React. Mentioned by Ing. Dubon as his best student.

Modern React with Redux
Stephen Grider
Successfully completed the course where I learned the updated version of React including Webpack and Hooks.
